The Office of Experiential Learning (OEL), Corporate Relations and Career Events (CRCE) would like to welcome you to New Mexico State University, the land-grant institution of New Mexico. We appreciate your interest in NMSU and know that you will discover a talented and job-ready pool of candidates for your organization.

NMSU is a comprehensive research institution of higher education dedicated to teaching, research, public service and outreach. As a Hispanic-Serving Institution, NMSU serves a multi-cultural population of students and community members across the state.

Our Las Cruces campus has an enrollment of over 14,000 students from across the U.S. and 89 foreign countries. We are classified as a comprehensive Doctoral/Research University (high research activity) by the Carnegie Foundation for the Advancement of Teaching. NMSU is accredited by the Higher Learning Commission.

The rich multi-cultural heritage and strength of our academic programs are reflected in the qualifications of the students whom you will have an opportunity to meet and ultimately recruit to be part of your organization. Our goal is to provide a variety of services that will assist you in filling your crucial staffing needs while offering our students unique career opportunities.

Thank you for your partnership.

CORPORATE RELATIONS AND CAREER EVENTS (CRCE) SERVICES

Corporate Relations and Career Events (CRCE) offers several options for employers seeking to fill their cooperative education/internship, part-time and full-time employment positions. Employers may post jobs, conduct on-campus interviews, host information tables, lunch-and-learns and coffee chats, conduct classroom presentations, host mock interviews or resume reviews, and participate in career fairs. In addition, employers are welcome to partner with CRCE through the Aggie Corporate Sponsorship Packages. Below are descriptions of services available to employers.

Handshake

CRCE utilizes the Handshake Career Application, which allows employers to access and manage their recruiting activities from one centralized source. Employers can post jobs, schedule on-campus interviews, request on-campus and virtual events, register for career fairs and much more.

Job Postings

By utilizing our Handshake Career App system, you can post all forms of employment quickly and reach students from associate degree to doctoral candidates here at the NMSU Las Cruces campus as well as three community colleges. Handshake automatically generates email reminders when students apply for a job or when a posting is due to expire.

Recruiting

Employers are invited to participate in recruitment activities such as on-campus interviews, classroom presentations/informational sessions, tabling, meet-and-greets, mock interviews, resume reviews and coffee chats. To maximize your recruiting efforts, CRCE can customize a recruiting plan specific to your needs.

Career Fairs

Career fairs are ideal venues to connect with a large number of candidates. Candidates include graduating students and alumni, as well as students who are seeking internships or are interested in conducting company research for future employment. All career fairs are held in-person at NMSU.

Aggie Corporate Sponsorship Packages

CRCE is excited about the 2023-2024 recruitment season, and we look forward to seeing all of our employer partners on campus this academic year. The Office of Experiential Learning (OEL) is committed to connecting NMSU Aggies and employers through our Aggie Nation Corporate Sponsorship Packages available at oel.nmsu.edu. We understand the importance of providing our employer partners with a variety of engagement options that assist in attracting top NMSU Aggie talent while also enhancing your company's brand. Your continued support is greatly appreciated!

VIRTUAL RECRUITMENT

The NMSU Office of Experiential Learning (OEL) is here to help you move into the virtual recruiting environment. We have compiled various tips and tools to help you manage your virtual recruiting experience in Handshake. We offer Employer Tips for Virtual Recruiting and will work with you to put a personalized plan together that meets your needs.

HOST VIRTUAL EVENTS

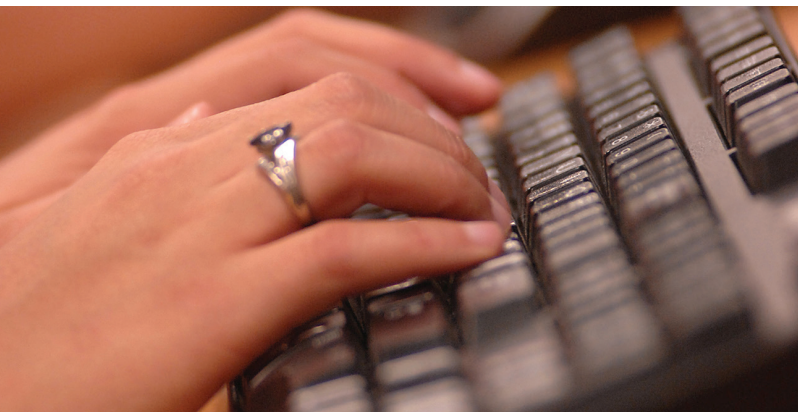

We encourage you to host virtual events to increase student engagement and build your company brand. Many of our employer partners leverage platforms such as WebEx, GotoMeeting, YouTube Live, Google Chat, Zoom and Facebook Live to host these events. In an effort to assist you in coordinating your virtual events, OEL is committed to working with you to create a customized virtual event plan, or you can create your own personalized virtual event anytime using Handshake.

VIRTUAL OUTREACH/SOCIAL MEDIA

Need more visibility? Our office is here to help! OEL provides the following options for outreach:

- E-blasts: Once your job posting or event is posted in Handshake, our office can help get the word out. We will send out announcements, target student groups, promote with our colleges, and share flyers or other promotional material that you have available.
- Facebook, Twitter, LinkedIn, Instagram: It is important to leverage social media to expand your reach. Our office will promote your job announcements listed in Handshake, share important company details/programs, or special events.

EDUCATION ABROAD INTERNSHIPS

NMSU Education Abroad partners with education abroad program providers and universities abroad to offer students part-time and full-time international internships. Education abroad internships are not paid, include academic credit, potential availability of financial aid, and offer placements in various locations and industries. Many internship programs include a seminar course that prepares students to work in the local business culture, write cover letters and resumes, perfect their interview skills, and develop other professional skills. Programs also typically include housing, an on-site orientation, cultural events and field trips. Many education abroad programs offer opportunities to intern abroad part-time while taking courses at a host institution. Some programs include an internship as part of the course load, while others provide complimentary part-time internships through various community partnerships. Full-time internship programs typically occur during the summer, and students intern for eight weeks or longer, with hours typical of full-time work in that specific location.

HOW IT WORKS

While each education abroad internship program is different, education abroad program providers utilize their network of employers and work with students to identify their career goals and professional interests. Students are then guaranteed to be matched with an appropriate internship experience in their field of interest in the city and term of their choice.

VIRTUAL INTERNATIONAL INTERNSHIPS

Education Abroad also offers virtual international internships. Virtual international internships give students the opportunity to add an international experience from their home base in the U.S. while interning remotely with a company or organization abroad. Students will learn to excel in a global environment with international colleagues and student peers from across the U.S., gain remote professional networking and social skills, and communicate in an international context while earning academic credit.

HIRING NMSU INTERNS

Employers interested in providing international internships for NMSU students should contact the Office of Experiential Learning to discuss available opportunities. Education Abroad can work with the student and their academic program/department to determine if enrolling in an internship course is possible. Enrolling in an internship course will be at the discretion of the academic program/department. For paid internships, employers are responsible for advising students on the process and procedure for obtaining a work visa/permit in the host country. Employers should also be able to provide students with a list of housing resources.

COOPERATIVE EDUCATION AND INTERNSHIP PROGRAM

The Co-op Internship Program provides experience-based learning through paid employment in practical, curriculum-related work experiences structured to meet the student's major, interests, abilities and career goals. The student, employer and NMSU participate in a collaborative effort to enrich the student's educational journey. Each year, more than 200 NMSU students, from all majors, complete co-op/internship experiences with more than 100 employers from across the U.S. We highly recommend you hire NMSU students for your co-op/internship positions!

OUR PHILOSOPHY

NMSU's Co-op Internship Program philosophy is to establish a strong and reliable communication framework throughout the academic year using our career platform Handshake.

EMPLOYERS' PATH TO HIRING NMSU CO-OPS AND INTERNS

We encourage you to build a robust co-op/internship program to successfully attract NMSU students. Here's a roadmap:

- Connect with NMSU students via
 - Handshake co-op/internship job postings
 - Recruitment events (i.e. career fairs, info sessions)
- Commit to the student's co-op/internship experience by facilitating
 - New-hire documentation (i.e. Job Offer Letter, Job Description)
 - Comprehensive onboarding
- Mentor the student throughout the entire experience by providing
 - Ongoing engagement during the experience
 - Specific goals, benchmarks and supervision
 - Professional development opportunities

BENEFITS OF A CO-OP / INTERNSHIP PROGRAM TO EMPLOYERS

- Gain access to top-caliber students
 - Train and mentor highly talented NMSU students
 - Gain a fresh perspective and new ideas to meet your organizational needs
- Build a recruitment pipeline
 - Increase awareness of your organization on campus to attract future candidates for employment
 - Gauge the knowledge, skills and work habits of the modern workforce
 - Decrease training and recruitment costs
- Promote strong leadership practices
 - Set an example in the community by investing in the future workforce
 - Provide management experience for your existing staff
 - Improve employee retention within your organization

At New Mexico State University, we value our students and community above all else. As a land-grant institution and research university, our mission is to serve the needs of our state through our comprehensive programs of education, research, extension, outreach and public service. Our campuses – located in Las Cruces, Doña Ana County, Alamogordo and Grants – allow us to reach a diverse population of individuals seeking higher education options. Additionally, our satellite learning center in Albuquerque, cooperative extension offices located in each of the state’s 33 counties, and 12 agriculture research and science centers provide the community with research-based knowledge and programs that aim to improve the lives of New Mexico citizens.
